## PARKING!

For all of us this is an issue—even the staff using the car park grumble about the lack of parking. Unfortunately our hands are tied and we all need to think carefully about how we park in the mornings and afternoons. During the past few weeks we have noticed that there are some parents parking dangerously at the end near the junction turning. Some days the parking has reached up to the opening of the junction which is not only dangerous for you and your children but all other road users.

Can we politely remind you that no one should be parking in the lay-by on

chevroned section. Take a bit more time and park up the road where it is safer to park.

There have also been occasions when I have seen people double parking to let older children out of cars in the morning to come into school—

**PLEASE DO NOT DO THIS**, it is a very busy road at this time of day; we have had numerous wing mirrors reported as being knocked off - we would hate it to be anything worse!

We do have a few families who we allow to park in the staff car park due to personal reasons and for those parents please take extreme care when leav-

ing the car park as children may be crossing in front of the car parks entrance. We are looking into the possibility of a designated disabled parking bay.

There will hopefully be additional parking close by when the affordable housing development is started. It was highlighted as a necessity for the local area with any additional planned housing.

Lets hope this will be soon. Until then please park safely.

## TUCK SHOP...

Mrs Holloway and the School Council children would like to thank all of you who contributed to and bought biscuits from the Tuck Shop on Thursday. At the moment we have raised over £23 but there is still money coming in.
