# What's going on at Sithney

Whole School Attendance This Week **98.3%**

## What's going on at Sithney ?

The weeks are flying past and lots of things are happening in and around school. There are an array of things on the 'Small World Display' you may need a few minutes to stand and watch the video and reminisce ! (then again you all may be too young to remember Andy Pandy the first time round).

Next week we will be having a visit from C2 from Garras and there

will be a friendly face coming along with them—Mr Birchall. Our links and opportunities are growing in strength and we are all reaping the benefits.

The Lunch Bunch crew (the local retired community) will once again be sharing lunch with us on Wednesday. Each term we invite them to join us, a group of children will serve the lunch and then spend part of the afternoon talking to them. I know just how much this means to them and they look forward to coming along. It also enables our younger genera-

tion to speak to the older generation about the topic they are studying. This term it will be very interesting to see how communication has changed since they were at school...

### TEHIDY WOODS TRIP

We would like to thank all the parents who helped on our trip to Tehidy on Thursday. With last minute changes due to staff sickness they were invaluable. The morning was spent with the children and staff from Garras—finding different ways of communicating within

their group and the other groups for example ...

Laying tracks, verbal and non verbal communication.

It was a cold day but we were lucky that it didn't rain whilst we were out.
